

FLEXABRADE™ SANDER

Compact, light weight, and versatile air operated sander for sanding raised panels, turnings, rungs or any hard-to-reach areas. Speed manually controlled up to 4,000 RPM, weighs only 2 lb. Includes 1/4" NPT swivel that keeps air hose straight and untwisted at all times no matter in what position the sander is held. Has a 1/4" collet for replaceable sanding stars. Sanding stars, coated with aluminum oxide abrasive, are 4" in diameter mounted on a 1/4" shank for use with above FlexaBrade Sander™ or 1/4" electric or cordless drill. Available in grit sizes from 80 to 320 (see below) and sold separately. **Requires air delivery pressure between 80-90 psi for best performance.**

Sanding stars **must be dressed*** first prior to use, in accordance with instructions supplied with the unit.

Sander depicted with dressed sanding star

Sanding star ss supplied

CAT #	DESCRIPTION	GRIT
51050	FlexaBrade™ Sander	Includes one each of the following stars
51060-XXX	Replacement Sanding Star	XXX=080, 120, 150, 180, 220, or 320 grit
