

GREEN TECHNOLOGY™ GYMCOAT™

This high-performance floor finish contains the most elite and innovative proprietary resins for the most demanding requirements in the coatings industry. It is highly recommended for residential, commercial and sport flooring that demand **green technology**, or where sensitivity to chemicals or odors is essential. Excellent for light grain and natural color floors, like Maple, for the water-clear color it imparts. Makes floor finishing and refinishing safe, easy, odorless, and furthermore the floor finish is easily repairable down the road. Non-yellowing and quick drying. **For interior use only.**

Apply by brush, lambs-wool applicator or spray. Self sealing. However, for amber color enhancement to the wood grain, use a single coat of **EVERLAST™ Sealer** (page 4) under this finish or add the HYDROCOTE Amber Additive.

Excellent replacement product for tung-oil finish (impart that look) when used in conjunction with our **EVERLAST™ Sealer**.

Key Features

- ✓ **Green Technology™ Formula Certified**
- ✓ **Quick Drying and Non-Yellowing**
- ✓ **Outstanding Clarity and Depth**
- ✓ **Outstanding Warmth and Grain Definition**
- ✓ **Superb Durability for Use In High Traffic Areas**
- ✓ **Excellent Flow and Leveling**
- ✓ **No Catalyst/Pot Life Problem or Restrictions**
- ✓ **Recoatable any time - 100% burn-in**

Solids, by wt.: 35%
 Solids by vol.: 33%
 Viscosity: 25-30 sec. #4 Ford Cup
 Coverage: 400 sq. ft. per gallon
 Recoat time @ 75°F, 45% RH: 2 hours
 Drying time @ 75°F, 45% RH: Dust free, 15 min.
 VOC: 0.5 lbs/gal (60 g/L)

IMPORTANT: Do not use tack cloth between coats. It can cause improper cure, hazing, crazing, lifting or peeling. Use a lint-free cloth, dampened with water only. For same reasons refrain from applying over a slow drying oil based stain. For best results, use our Wiping or Penetrating Wood Stains or HYDROCOTE® Penetrating Stain. Please visit our website for further details on staining issues oil rich wood stains.
