

WIPING WOOD STAIN

This **Eco-Smart™** semi-transparent pigmented stain that is odorless, color fast, non-graining raising and quick drying, with excellent color penetration and definition. **Interior/Exterior**. VOC compliant in all states for flooring application. A hybrid system; half odorless solvent/half water, yet will not grain raise. Apply by spray, brush or wipe. ***On large areas like flooring apply by lambs wool applicator, making certain to wipe off all excess stain.***

Dries in about 15 minutes. Coat over in one hour if by spray. Let dry overnight if brushing or wiping a finish on. Easy to control with no lapping or blotching. Dark color tones are easily lightened with our Wiping Stain Reducer. Nearly any type of finish can be applied over this stain: lacquer, varnish, polyurethane, acrylic, shellac, tung oil, or water-based. An excellent product also as a glaze straight from the can over virtually any finish. Specify COLOR # when ordering.

Coverage 200-300 SF/gal.

54500-	Quart
54501-	Gallon
54505-	5 Gal Pail

IMPORTANT: Shake vigorously prior to first time use to couple two key ingredients together. Otherwise there may result a lack of true color, depth and dry time.
